How nice of you," said the old man. He looks much more relieved. In exchange, the old man takes out a bright stone that he said he picked on the way, and the stone looks like it is fully filled with the energy of fire

I guess I have no choice now. I will charge toward the Kobold that looks most strong, hoping that is the captain and the Kobolds will retreat once they lose him.

Scene: Cave

You bravely charge towards the Kobold that looks the strongest, hoping to take out their captain and cause the rest of them to retreat. As you approach, you see that the Kobold captain is wielding a sharp sword.

Roll for initiative, Hogun!

I rolled seven

Scene: Cave

You and the Kobold captain both move to attack each other. The Kobold captain makes a quick strike with his sword, but you manage to dodge it just in time.

It's your turn to attack, Hogun! What will you do?

I would love to head toward the right path

As you make your way down the right path, the cave walls begin to narrow and the air grows hotter. You can feel sweat trickling down your forehead as the heat intensifies.

Suddenly, you hear a low growl coming from the darkness ahead of you. As your eyes adjust to the dim light, you see a pack of fire-breathing Kobolds blocking your path.

What will you do, Hogun?

I feel like cobbles have nothing to do in my beard so let me get away from this station

Scene: Cave  
You decide to back away slowly, hoping that the Kobolds won't notice you. But unfortunately, one of them spots you and they all start charging towards you, breathing fire.

What will you do, Hogun?

I carefully look at the Kobolds eyes... and realize that a hint of fear underneath. I do not miss the chance, and slash his head with my sword.

The other Kobolds, seeing their leader defeated, retreat back into the darkness of the cave. You are safe for now.

As you catch your breath, you notice a glint of light coming from a nearby alcove. On closer inspection, you find a magical beard oil that will help your beard grow faster and more luscious than ever before!

Congratulations, Hogun! You have found the magical beard oil!
